

Introducing  
Eric Lee, M.D.

# How to Prevent a Heart Attack

Wednesday, February 10, 2010 7 to 8 p.m.  
VHH Council Room (4th floor lobby)

Join Dr. Eric Lee as he discusses and answers your questions about ways to prevent a heart attack. Topics will include:

- Mechanism of coronary heart disease
- Identifying who is at risk
- Current risk factors
- Treatment options for prevention

**This is a FREE community lecture.**  
**For reservations, please call 818.952.2227.**

## Tour of Cardiac Rehab!

The community lecture will be followed by a tour of VHH's Cardiac Rehab & Fitness facility, located on the 4th floor of the Hospital.
